Dear Sisters,

Next Tuesday, Kaitlin Hall, Jessy McClintock, and Taylor Powers will be inducted at 5:00 in the church chapel. Most of us have had a chance to meet each of these outstanding incoming members due to their attendance already at some meetings. Later in the newsletter is additional information about each, so you can get to know them even better.

After the induction, we will go to the fellowship hall to eat. Then, Graham Richardson, art teacher at CHS, will join us for a fun, creative, no talent needed art experience. Graham will provide the paint and brushes, Amanda the canvases.

If you have watched any TNSO or International videos or attended any Zoom meetings or will be attending one in the future as outlined later in this newsletter, please let me know, <u>dianealsop@comcast.net</u>. We will get points on the Maycie Award for Chapter Excellence for your attendance.

The TNSO Projects Committee has received a Lucille Cornetet Seminar Award for \$3064.00 to be used in hosting three regional workshops for early career educators. The nearest workshop will be at Falls Creek Falls State Park in Spencer, TN, 80 miles from Clinton. Please mark your calendars for November 16, 2024, so you don't miss this wonderful opportunity. More information will be available soon. If anyone attended the Early Career Educators Zoom meeting that was held on January 30, please be ready to share your experience at next Tuesday's meeting. I have heard that it was excellent.

Please note, the March meeting will take place in the JA Building near the entrance of Anderson County High School. Originally, this meeting was scheduled to be held at Aspire Park in South Clinton. The hostess committee is already thinking about the dinner, since whatever it is will be something easily served, but nice.

The weather forecast looks perfect for February 6, a wonderful evening for a Pi Chapter meeting. See you at 5:00 in the church chapel for the induction ceremony! In harmony,

Diane

Pi Chapter Local News Meet our New Members!

Hi, my name is Kaitlin Hall and I teach 4th grade math and science at Andersonville Elementary School. I have been teaching for 8 years with experience in 2nd, 3rd and 4th grades. I was born in Michigan but grew up on the eastern plains of Colorado. It was there that I met my husband, Aaron. We welcomed our son, Noah, in the heart of 2020. He is an energetic and loving toddler who attends Pre-K at Andersonville with me. Family was a major reason we relocated to Tennessee. Aaron grew up and has family in Georgia, but we didn't want the heat of Georgia. We moved here in 2021 and then welcomed our daughter, Elizabeth, to the mix. She is a spitfire who makes us laugh every day. We recently found out we are pregnant with our third and are due in July of 2024!

I don't know the exact moment I wanted to become a teacher. When I went to college I kept picking careers that involved children. I considered becoming a pediatrician (I quickly realized I cannot do needles), a child psychologist, and eventually a teacher. My mom is also a teacher, which is probably what inspired me to consider this career. I grew up in the classroom helping her set it up each summer and getting to know her class lists as well as she did. I now have the pleasure of working with my sister-in-law, Jessy McClintock, at Andersonville. My hobbies include those of the kids right now. I love reading, exploring new playgrounds, and spending time on the lake.

Kaitlyn Hall

Jessica (Jessy) McClintock I was born and raised on the eastern plains of Colorado. I went to a small rural high school with a graduating class of 60 people. During my senior year of high school, I had a science teacher who pushed me into the direction of teaching. I went to the University of Colorado at Denver, where I found my passion for teaching. I have taught 3^{rd} - 5^{th} grades and have loved them all. I coincidentally married into a family of teachers. We uprooted our families 3 years ago and moved to Tennessee. My husband and I have one beautiful daughter and a rambunctious puppy. In our free time, we love working on house projects and exploring our new community.

I grew up in South Clinton. I have always loved school and my teachers, and I've wanted to teach for as long as I can remember. I was particularly drawn to teaching English Learners after working with ELs through my courses at UT. I had the opportunity to teach at Lonsdale Elementary and Clinton Elementary before moving to Austin, Texas. I'm now happy to be back home teaching English Learners at North Clinton and South Clinton. I love playing and reading books with my 5 months old daughter, Rho.

DKG News Continued:

Dr. Carolyn Tucker and Brenda Oldham and the TNSO Legislation Committee: Please contact Dr. Carolyn Tucker at ladybaldwintucker@gmail.com or Brenda Oldham at travelers4043@bellsouth.net and let them know the contact information for your chapter Legislation Committee Chair. They would like to provide updates on legislative news and events.

Note: The Legislation Committee sponsored two legislative events in January, 2024: "A Virtual Workshop on Navigating the Legislative Website" on January 8 and "An Evening with Chris Ford - Effectively Communicating with Legislators" on January 22. If your chapter had even one member who attended one of these events, you can earn 5 points on the Maycie Award. Five additional points can be earned by attending chapter-sponsored legislative events.

The TNSO Legislation Committee is encouraging members to contact Tennessee State Governor Bill Lee and the Tennessee State Legislators regarding critical issues impacting education in Tennessee. DKG members and friends of education should make these contacts via phone calls, email, texts and/or letters prior to January 2024. Below are the most salient concerns that need to be communicated:

 \cdot The Education Savings Account (ESA – also known as vouchers) Legislators are proposing changes that would broaden the scope of the ESA program and extend access and eligibility to 20,000 students statewide. The Tennessee Education Association is opposed to this program, citing concerns about the diverting of funds from Tennessee public schools.

• **Rejection of Federal Funds for Tennessee** – The impact of refusing federal dollars could be devastating to many local districts by diverting funds intended for Tennessee to other states for support of their schools. Students with disabilities and smaller school districts could be disproportionately affected by the loss of federal funding.

 \cdot School Safety and Violence Prevention – Extensive violence prevention training for school personnel, retrofitting of buildings for safety and procedural controls relative to school safety continue as areas of need in Tennessee school districts.

The75 page Membership Moments booklet can be found on the state website at <u>www.tndkg.org</u> or can be accessed here. <u>https://www.tndkg.org/_files/ugd/4ad137_72ad2fda6a504ff99238137fd326ed82.pdf</u>

Sandra Pineault and the Nominations Committee:

Happy Valentine's Day from the Nominations Committee! Valentine's is a holiday focused on people we love. I know you will agree with me that many of the people we love are those we have met through our Tennessee State Organization of DKG.

One way many of us express love is through service. During this Valentine's season, think of how you can serve your DKG sisters as an officer or on an elected committee. You can serve as President, First or Second Vice Presidents, or Recording or Corresponding Secretaries or with membership on one of the four TSO elected committees—Nominations, Personnel, Finance, or the Vision Foundation. Applications are accepted through October 31, 2024. You could make a valuable contribution to the Tennessee State Organization in the 2025-27 biennium.

Applications are available on the TSO website at <u>https://www.tndkg.org/forms</u> or by using the QR code found in the attachment below.
